Forward looking statements

In this annual report, we have disclosed certain forward-looking information to enable investors to comprehend our prospects and take informed investment decisions.

This report and other statements - written and oral- that we periodically make may contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should kindly bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

I. GROWTH OPPURTUNITITES FROM THE INDUSTRIAL AND ECONOMIC VIEWPOINT

India has the second largest road network in the world, spanning over 6.4 Million kilometers. Over 64.5% of all goods in the country are transported through roads, while 90% of the total passenger traffic uses road network to commute. National Highways and State Highways account for 2% and 3% of the total road network respectively. Development of road networks leads to opportunities for industries to make investments in logistics parks, industrial clusters and corridors.

With the diminishing trail of the world wide pandemic and onset of the new year, India has joined the league of a global alliance which is looking forward to work towards the optimal use of smart technologies. The Government aims to construct 65000 kms of national highways at a cost of ₹5.35 Lakh crore. Under the Union Budget 2022-23, the Government of India has allocated ₹199,107.71 Crore (US\$ 26.04 billion) to the Ministry of Road Transport and Highways. The Government of India has allocated ₹111 lakh crore (US\$ 13.14 billion) under the National Infrastructure Pipeline for FY 2019-25. The Road sector is expected to account for 18% capital expenditure over FY 2019-25. In 2022-23, the Ministry of Road Transport and Highways has been allocated nearly ₹68,000 crore more than the revised expenditure in FY 2021-22. In absolute terms, this is the highest increase (from revised estimates of FY 2021-22) among all ministries in FY 2022-23. Nearly all of this additional allocation has been earmarked for investment in NHAI.

National Infrastructure Pipeline (NIP) - Lack of robust infrastructure is often recognised as the primary growth constraint for a developing nation. In India, the government is increasingly looking to the private sector for forging partnerships via effective models for co-working between public and private sectors. The National Infrastructure Pipeline is a step in that direction. To achieve seamless working and productivity in other business sectors and India's ambitious goal to be a USD 5 trillion economy by 2025, strong infrastructure growth is essential. In particular, the success of India's manufacturing sector and the focus on "Make in India" are directly influenced by how strong the backbone of India's infrastructure is. There is a constant need for government intervention, solid funding and constant monitoring of projects. Growing urbanisation, increasing working-age population, shift to a services-based economy and climate change are some of the factors that will require a further boost to India's infrastructure sector and amplify need for the National Infrastructure Pipeline.

National Monetization Pipeline (NMP) - NITI Aayog has developed the pipeline, in consultation with infrastructure line ministries, based on the mandate for 'Asset Monetisation' under Union Budget 2021-22. NMP estimates aggregate monetisation potential of ₹6.0 lakh crores through core assets of the Central Government, over a four-year period, from FY 2022 to FY 2025.

The top 5 sectors (by estimated value) capture ~ 83% of the aggregate pipeline value. The top 5 sectors include: Roads (27%), Railways (25%), Power (15%), Oil & Gas Pipeline (8%) and Telecom (6%).

Pipeline Phasing - In terms of annual phasing by value, 15% of assets with an indicative value of ₹0.88 Lakh crore are envisaged to be rolled out in FY 2021-22. Detail is as follows:¹

Roads- ₹1,60,200 crore	NMP Period : 4 Years (FY 22-25)	Telecom- ₹35,100 crore
Railways- ₹1,52,496 crore	TOTAL NMP- ₹6.0 lakh crore	Warehousing- ₹28,900 crore
Power- ₹45,200 crore		Mining- ₹28,747 crore
Power Generation- ₹39,832 Crore		Aviation- ₹20,782 crore
Natural gas Pipeline- ₹24,462 crore		Ports- ₹12,828 crore
Product Pipeline- ₹22,504 crore	Urban Real Estate- ₹15,000 crore	Stadiums- ₹11,450 crore

¹National Portal of India, <https://www.india.gov.in/spotlight/national-monetisation-pipeline-nmp>

The government aims to generate ₹1.6 lakh crore by monetizing 26,700 km of four-lane-and-above national highways via the toll-operate-transfer (TOT) and the infrastructure investment trust (InvIT) routes at ₹6 crore per km.

TOT overview²

The National Highways Authority of India (NHAI) had bid out TOT bundles successfully, netting ₹14,700 crore and giving investors 7% yield. Analysis of the NHAI's asset pool of 300 national highway projects (across 25,000 km) on the basis of historical toll collection and per km toll collection indicates that 65% of the sample set analyzed (in km) recorded medium-to-high toll collection growth of 15% since operation.

Around 31% of the projects (in km) earned ₹70 lakh toll revenue per km in fiscal 2020 (pre-pandemic), with 15% growth in toll revenue over the history of the projects, in line with the three TOT bundles successfully monetized so far by the NHAI.

InvIT Overview

Infrastructure investment trusts (InvITs) are gaining momentum fast in India, following the footsteps of the developed world. Reports show that such InvITs can potentially raise up to ₹8 lakh crore of capital for the country's infrastructure sector over the next five fiscals. A deeper debt market where investors can discern risks and returns across infrastructure asset classes, and stable regulations will be critical to achieving this goal. Government reports had estimated that ₹111 lakh crore of investments are required in infrastructure through fiscal 2025, which is twice what was spent in the past five fiscals. This is a huge investment need, and cannot be met by the government and traditional infrastructure-financing sources only. Thus, alternative channels need to be pressed into service. InvITs, in this context, can play a significant role here. Their combined Assets Under Management (AUM) have logged a whopping 42% Compound Annual Growth Rate (CAGR).

Currently, there are 15 InvITs in India and research demonstrate three reasons for high dependency on InvITS: low debt, combined debt-to-AUM ratio of less than 35%, and over 90% of AUM deployed in operational assets. Recent rules allow setting up of an unlisted private InvIT sans any cap on leverage or ratings, or curbs on investments in operational assets. While this poses a threat of raising the credit risks by some extent, it may still support healthy market development. Such InvITs are increasingly generating investor interest given the flexibilities offered and the opportunity to balance the interests of lenders and investors.

Road Sector update

Assets Considered for Monetization – The total length of assets considered for monetization over FY 22 – 25 climb up to 26700 km. This is based on the length of already/to be operational four lane highways and above entailing potential for revenue generation and thereby monetization.

The summary of annual phasing is as follows³:

Asset Length to be Monetized	Asset Length as a percentage of potential Asset Base (%)	Indicative Monetization value over FY 22 - 25	Share in overall NMP in value term (%)
26,700 km	20%	1,60,200 Cr	27%

The Government has set an ambitious target in Budget 2022-23 of expanding the National Highway network by 25,000 kms over the fiscal year. Ministry of Roads & Highways overall target to develop 2 lakh Kms of National Highway Network by 2025. However, due to economic slowdown which has affected every aspect of growth in every sector, the rate of construction in FY 21-22 has slowed down to 29 km per day. The Government, in the context of accelerated growth, is aiming the target of 50 Km/day of road construction as announced by the ministry in FY 22-23. The achievement is significant as the first few months were lost due to nation-wide lockdown in the wake of COVID-19 pandemic. Construction activities were badly affected during the period but the construction industry displayed remarkable resilience and strength in execution capability and was still able to make an unprecedented progress during the year.

The NHA has greatly accelerated its pace of national highway construction, from only 2,623 km in FY 2017 to 4,218 km in FY 2022 and. However, more projects being executed on the Engineering, Procurement and Construction (EPC) and Hybrid Annuity Model (HAM) modes has meant a greater constraint of funds. Given the high targets under projects such as Bharatmala and the construction of high-value expressways, in addition of higher repayment of borrowings, the authority’s requirement reaches up to ₹10 lakh crore over the next 5 years vis-à-vis the previous 5 years. If these funding requirements are met, it is being estimated that the it is possible to construct 25,000 km of national highways over fiscal 2022-2026, compared with 17,228 km over fiscal 2017-2021.

Length of Highway Constructed in last seven years⁴

Length of Road Projects awarded in last seven years (in Kms)⁴

Indicative Monetization Value of Assets and phasing – The total indicative Monetization Value of Assets considered for monetization is estimated at ₹1.6 Lakh crore for FY 22 -25. The Asset Pipeline has been phased out over the NMP period to ensure better preparedness and improved marketability.

Major Initiatives taken by the Ministry:

1. Bharatmala Pariyojana

The project envisioned construction of National Highways of 34,800 kms length over a period of 5 years (2017-18 to 2021-22) at an estimated cost outlay of ₹5,35,000 Crore. The project primarily focused on an optimized movement of freight and passengers alike with a significant decrease in travel time and cost across the country by bridging critical infrastructure gaps. Out of 34,800 km length envisaged for development under Bharatmala Pariyojana Phase-I, National Highway construction project comprising length of 20,411 km with a cost of ₹6,18,686 crore have been awarded and 8,134 km of project length has been constructed till March 2022. Additionally, work on preparation of Detailed Project Reports for about 13,233 kms is under progress.

Under the same scheme, 9,000 km length of economic corridors has been envisaged for implementation under Bharatmala Pariyojana Phase-I. Out of which, projects comprising length of 6,087 km have been approved/awarded and the remaining length is planned for award in next 2 financial years. Special attention has been paid to fulfilling the connectivity needs of backward and tribal areas, areas of economic activity, places of religious and tourist interest, border areas, coastal areas and trade routes with neighboring countries.

2. PM Gati Shakti

‘Gati Shakti’ is a digital platform, which will bring 16 Ministries, including Railways and Roadways together, for integrated planning, coordination and implementation of infrastructures connecting projects for industrial clusters and economic nodes. Out of 860 such identified nodes of economic importance’s across country under PM Gati Shakti National Master Plan (NMP), it is targeted to connect 783 nodes under Bharataala Pariyojana Phase I.

3. Infrastructure Drive in the North East Region of the Country

Ministry of Road Transport and Highways (MoRTH) has planned to augment the NH network to 2,00,000 Km by 2022-23 by connecting all State capitals in the North Eastern region with either 4 lane national highways or 2 alternate alignments of 2 lane configuration each and completing 4/6 lane NH covering length of 5,590 km along coastal areas.

4. Way Side Amenities Development

In a major move to improve commuters experience in National Highways for both passengers and truckers, NHA will develop world class Way Side Amenities at more than 600 locations across 22 states along the highways in next five years. Out of these, 130 are targeted for development in FY 2021 to 22. The facility such as Electric

⁴BEF Report: “Roads (March 2022)”

Charging Stations will help in promoting use of electric vehicles, thus reducing pollutions. The amenities will also promote local economy by generating employment opportunities and help local people to market their unique product / handcraft etc.

5. Multi Model Logistic Park (MMLP)

35 MMLPs are being developed on Pan India basis on 'Hub and Spoke' model.

6. Development of dedicated National Highways connecting Ports

A separate company under NHAI named 'National Highways Logistics Management Limited'(NHLML) has been incorporated to carry out development of the MMLPs and works related to National Highway connectivity for ports. This effort is expected to eradicate multiple traffic related issues such as removal of congestion points in city locations; reduction in delays caused due to restrictions on commercial vehicles movement during certain hours of the day as per state / Local Urban regulations and Reduction in road accidents through separation of Commercial and Passenger vehicle traffic etc.

7. Bharat series (BH-series):

In order to facilitate seamless movement of vehicles, the Ministry of Road Transport & Highways, vide notification dated 26th Aug 2021, has introduced a new registration mark for new vehicles i.e. "Bharat series (BH-series)". A vehicle bearing this registration mark shall not require assignment of a new registration mark when the owner of the vehicle shifts from one State to another.

8. All India Tourist Vehicles (Authorization or Permit) Rules, 2021:

Ministry of Road Transport & Highways is in the pursuit of providing seamless movement to tourist passenger vehicles. This will be achieved by providing permits to tourist vehicles and enable easy and seamless travel all over the county facilitating a breakthrough in tourist movement throughout the county.

Funding for Infrastructure Development

There are several other initiatives taken by the Ministry to create innovative funding models and policies to facilitate construction of National Highways. Some of these policy initiatives and funding models are under:

- Infrastructure Investment Trusts
- Toll Operate Transfer (TOT) model
- Ease of Doing Business - Reforms/ changes relating to highway development under BOT(Toll), TOT and HAM model

Technological Enhancements & Developments in Road Sector

1. AI power to Drive Road infrastructure in the near future:

Artificial Intelligence (AI) powered solutions will soon make roads in India a safer place to drive. A systematic AI approach that uses the predictive power of AI to identify risks on the road, and a collision alert system to communicate timely alerts to drivers, to make several improvements related to road safety, is being implemented an objective of resulting in a significant reduction of accidents.

The project 'Intelligent Solutions for Road Safety through Technology and Engineering' (iRASTE) is a new initiative that will identify potential accident-causing scenarios while driving a vehicle and alert drivers

about the same with the help of the Advance Driver Assistance System (ADAS). The project will also identify 'greyspots', i.e., by data analysis and mobility analysis by continuously monitoring dynamic risks on the entire road network. Greyspots are locations on roads, which left unaddressed could become blackspots (locations with fatal accidents) LaneRoadNet (LRNet), a new framework in the pipeline, which, with an integrated mechanism considering lane and road parameters using deep learning, has been designed to address problems of Indian roads, which have several obstacles, occluded lane markings, broken dividers, cracks, potholes, etc. that put the drivers at significant risk while driving. In this framework, a road quality score is calculated with the help of a modular scoring function.

2. General Navigation with Satellite Systems

The On Board Units installed on vehicles to be tracked by satellites, which will monitor their movement over the tolled section of the road to assess the toll, based on distance travelled. When implemented, user will have to pay only for the part of the Toll road travelled or used by them.

Road safety Initiatives

The Ministry has formulated a multi-pronged strategy to address the issue of road safety based on Education, Engineering (both of roads and vehicles), Enforcement and Emergency Care.

- **Awareness programs:** The ministry launched public awareness schemes and initiatives such as observation of road safety awareness week/month, important conferences and awareness moves such as distribution of handbills and pamphlets among general crowd are being carried out with utmost focus to raise the general awareness regarding road safety, traffic rules and general laws regarding road transportation.
- **Good Samaritan Scheme:** A scheme for Grant of Award to the Good Samaritan who has saved life of a victim of a fatal accident involving a Motor launched by this Ministry.

II. BUSINESS & OPERATIONS

Your Company is a road BOT company in India, focused on development, implementation, operation and maintenance of National and State Highways with execution experience in developing, operating and maintaining Seven (7) BOT Projects covering over 2250 Lane km of Roads and Highways in states of Uttar Pradesh, Kerala, Haryana, Madhya Pradesh, Jharkhand, Maharashtra and Odisha.

The main business operations of your company can be divided into three categories, i.e.

- Project development and implementation;
- Tolling Operations and Highway Management; and
- Advisory Services and Project Management Services including Construction Supervision/Debt Syndication for your Company's projects.

During the year under review, your Company has focused on all these areas to augment resources while channelizing resources towards portfolio realignment and claim realization. With successful completion of portfolio realignment through transfer of asset ownership, your Company is today operating 2 BOT projects worth ₹1620 crores covering 660 lane km of National Highway in Kerala and Maharashtra.

Divestment Initiatives:

Divestment of SJEPL: “SJEPL” or “Shree Jagannath Expressways Private Limited” was an Associate of Bharat Road Network Limited (BRNL), for which a successful divestment transaction was consummated on 28.06.2022 under Securities Purchase Agreement dated 21.01.2021. Your Company received ₹94.11 Crs from the Purchaser (Indian Highway Concessions Trust) against its equity exposure of ₹112.16 Crs. The buyer/purchaser, Indian Highway Concessions Trust, is a SEBI registered Infrastructure Investment Trust.

Apart from above, SJEPL has disputes against NHAI worth ₹700 crore (approx) pending conciliation. Pursuant to agreements with the Purchaser, your Company is entitled to receive the further amount in proportionate to its shareholding (40%) on successful completion of conciliation/legal proceedings.

Divestment of GAEPL: “GAEPL” or “Ghaziabad Aligarh Expressway Private Limited” was an Associate of Bharat Road Network Limited (BRNL) which was successfully divested on 26.05.2022 under Share Purchase Agreement dated 01.04.2021. Your Company has received ₹53.65 Crs from the Purchaser (Cube Highways and Infrastructure Pte Ltd) against its exposure of ₹293.32 Crs. The buyer/purchaser, Cube Highways and Infrastructure Pte Ltd, is an infrastructure company based in Singapore. Cube Highways is registered with Securities and Exchange Board of India (SEBI) as a Foreign Venture Capital Investor (FVCI).

The divestment has been aimed at de-risking your Company from asset liability mismatch owing to huge debt repayments obligations at project level as sponsors and also to alienate itself from capital infusion requirement for six laning of the project.

Operational Projects:

Guruvayoor Infrastructure Private Limited (GIPL)

Four laning of the existing two lane portion of the Thrissur- Angamali section of NH-544 (old no. 47) from km 270.00 to km 316.70 and improvement, operation and maintenance of the Angamali-Edapalli section from km 316.70 to km 342.0 of NH-544 in the state of Kerala on BOT Toll basis.

Solapur Tollways Private Limited (STPL)

Shree Jagannath Expressways Private Limited (SJEPL)

Six laning of the existing road from km 413.00 to km 418.00 and km 0.00 to km 62.00 on Chandikhole- Jagatpur-Bhubaneswar section of NH-16 (old NH-5) in the state of Odisha on DBFOT Toll basis.

Under Construction

Palma Gumla Highway Private Limited

The scope of work for the project includes designing, engineering, financing, procurement, construction, operation and maintenance of the existing 2 Lane without Paved Shoulder carriageway to 4 Lane with Paved Shoulder carriageway configurations. The total design length of the project stretch is 63.170 Km Start from design Km 26.0 (Palma Village) to design Km 89.170 (Gumla Bypass). Out of 63.170 Km 21.000 Km is failing under Ranchi District and 42.170 Km is failing under Gumla District.

III. BUSINESS PERFORMANCE

During the year under review, your Company continued its focus on improving operational efficiency through increased automation of services and adopted prudent project delivery mechanism to expedite execution of the existing asset under construction.

Traffic and Revenue Growth

The toll and traffic revenue across the projects of your company were impacted due to multiple external factors and force majeure events along the project stretch. While traffic and toll revenues were showing momentary signs of recovery from COVID-19 impact, there were several other factors such as the economic slowdown, political protests along with farmers agitation at KEPL, revenue leakage due to competing roads, strategic decision to handover KEPL to NHAI in Oct'21 and MTPL project takeover by MPRDC in Jan'22, all contributing towards significant reduction in the overall toll collection. Your Company has taken up claims and compensation issues with Authority for both the projects.

The Average Daily Revenue (ADR) across all the operational projects ended up at ₹170.44 Lakhs in financial year 2021-22 with total revenue of ₹622.02 Crores from ₹182.55 Lakhs in financial year 2020-21 with total revenue of ₹626.85 Crores.

There was increase in toll revenue at GIPL, GAEPL & STPL which has helped in making up with the last year's Toll collections despite the loss of toll revenue from KEPL and MTPL. The toll revenue is expected to improve this year due to an expected increased economic activity across the high growth industrial corridors along the project stretches. All of your Company's projects have implemented an updated tolling system (ETC operations) which is reflected in higher Toll collection & decrease in operational cost.

Ghaziabad Aligarh Expressway Private Limited (GAEPL): In spite of COVID 19 impact & economic slowdown, the project ended the year with a growth of 5.97% in Toll revenue as the Average Daily Revenue of ₹58.29 lakhs in FY 2020-21 increased to ₹61.77 lakhs in FY 2021-22. The toll revenue is expected to improve due to higher increase in Wholesale Price Index (WPI) which will increase our tariff also economic growth after COVID 19.

Mahakaleshwar Tollways Private Limited (MTPL): Despite installation of new upgraded Toll Management System (TMS), the prevalent Covid-19 impact and forced exemptions continued to adversely impact the project and the traffic along the project stretch was yet to return to normalcy. The financial year 2020-21 witnessed toll revenue declining by 3.79% as the Average Daily Revenue slipped from ₹7.11 Lakhs in FY 2020-21 to ₹6.85 lakhs in FY 2021-22.

In view of mounting losses due to forced exemptions and outstanding claims due to revenue loss during Simhastha Parv and demonetization during the FY 2016-17, MTPL had been pursuing claims against Madhya Pradesh Road Development Corporation Limited (MPRDC). As the state government failed to insulate the company from the mounting losses, MPRDC Subsequently took control of the operation and maintenance alleging breach in maintenance by the concessionaire. Your Company has contested the action by MPRDC and has been pursuing the claim through arbitration and litigation.

MTPL submitted its formal termination notice on 2nd May 2022 to MPRDC demanding Termination payments due to MPRDC Defaults. MTPL now intends to file amended claim before the Arbitration tribunal under Adhinyam Act. It is also proposed that once the amended claim is submitted, a petition to grant immediate relief of payment of 90% of the debt due from MPRDC is to be sought from the Arbitral Tribunal under Adhinyam Act. Based on the response of the Arbitral Tribunal, further legal recourse has to be pursued by MTPL before higher courts.

Shree Jagannath Expressways Private Limited (SJEPL): The project is nearing completion and the balance work is being expeditiously executed on the stretches which were handed over late due to Right of Way (ROW) issues. The Average Daily Revenue (ADR) has dropped down to ₹47.56 Lakhs in FY 2021-22 as compared to ₹51.51 Lakhs in FY 2020-21. The reason for steep decline in revenue is due to COVID 19. The last year increase in Toll collection was due to demand of Iron export to neighboring countries had gone down & all the commercial traffic involved in that activity has stopped. In the coming years, it is expected that revenue shall increase further due to expected growth of mining industry which has impacted due to COVID 19 effect also increase in WPI will be the main contributor in the year 22-23. SJEPL has won the Arbitration Award of over ₹150 Crore (including interest) towards loss of Toll that was not allowed to be collected by NHAI after the completion of construction of Mahanadi Bridge. The matter is still pending before Delhi High Court for adjudication.

Kurukshetra Expressway Private Limited (KEPL): Inauguration of a parallel corridor - Kundli Manesar Palwal Expressway by the Haryana Government and the ongoing Kissan agitation along the project stretch resulted in mounting losses in toll revenue. There has been a sharp decline in the total Toll revenue by 68% as compared to last year. The Average Daily Revenue dropped to ₹10.55 lakhs in FY 2021-22 from ₹17.01 Lakhs in FY-2020-21. The company also won the Arbitration Award of ₹47 Crore and 58 days extension of Concession Period which has been challenged by NHAI in Delhi High Court. The application is currently pending for adjudication.

Arbitration has also been invoked by the company and claims were filed against NHAI for shortfall in toll revenue due to construction of the competing road which is pending adjudication by the Tribunal. Due to issues such as constantly declining traffic due to competing

roads and series of political agitation which drastically affected toll collection, the notice of intention to terminate the Concession Agreement under sec 34.8 was served to Authority with a view to protect stakeholders interest and insulate them from the mounting losses and expanding debt obligations. Subsequently, the project was handed over to National Highways Authority of India with effect from 31st December 2021 and KEPL has now been pursuing claims and termination payment from the Authority.

Guruvayoor Infrastructure Private Limited (GIPL): During the year under review, the Company has recovered slightly from COVID 19 effect. Although there have been slow recovery in traffic by 1.04% in ADT, the Average Daily Revenue increased by 6.19% to ₹33.43 lakhs in FY 2021-22 as against ₹31.48 Lakhs in FY 2020-21. The Company has also been suffering from non-payment of toll by Kerala State Road Transport Corporation (KSRTC) buses and the free passes issued to locals as per the order from Govt of Kerala. Hence the company has invoked arbitration against NHAI for all the claims which are pending for adjudication. Since 8th March 2022, Company has been able to collect Toll from KSRTC Buses.

Solapur Tollways Private Limited (STPL): The project has been under Provisional COD since 3rd February 2020 and the first operational year unfortunately got severely impacted due to COVID-19. At certain locations, the Project continues to suffer due to delay in acquisition of land and shifting of utilities. The company has achieved partial COD for 82.95 Km length and commenced Toll operations in the month of February 2020 with ADR of ₹15.71 lakhs. During the year 2021-22, Company has closed with an impressive ADR of ₹18.73 lakhs as compared to 2020-21 as ADR of ₹16.35 Lakhs. The toll revenue is expected to improve due to higher increase in WPI which will increase our tariff also economic growth after COVID 19 will attract higher growth in Traffic.

IV. FUTURE BUSINESS PLANS

Your Company is an infrastructure developer operating on asset aggregation platform and hence it has always been focused towards value accretion through portfolio realignment while strengthening operational efficiency through extremely efficient claims and contract management, robust construction management system and processes. With a constant focus on enhancing capabilities to better assess, manage, and mitigate claims and risk; your Company is focused towards expeditious handling of claim through negotiation, mediation, arbitration and litigation. Your Company has now renewed focus and strengthened approach channelizing its efforts and actions towards realization of claims through arbitration, conciliation and litigation.

The initiatives towards portfolio realignment have enabled your Company to engage in discussion and negotiation with global institutional infrastructure investors such as Cube Highways and Infrastructure Pte. Ltd & CDPQ Infrastructure. This reflects the deep domain expertise and experience which exudes high trust and exceptional inter-corporate relation among the leading infrastructure players in India. The collaborative effort with such globally recognized infrastructure institutions enables your company to bring forth global best practices in highway infrastructure maintenance and management in our country.

With successful portfolio realignment during the year, your Company has also put forward its efforts on optimizing financial efficiencies and scaling greater heights in achieving operational excellence in

existing projects while streamlining efforts towards construction management and claim realization. Your Company will be continuously utilizing new and available resources to improve and create an effective construction management process.

V. FUTURE OUTLOOK

The entire infrastructure sector sat at a juncture of worldwide disruptions during past pandemic years. Shifts in capital availability, continuously changing social and environmental priorities and rapid urbanization are some of the uncertainties in the said sector. It will take years to uncover and realize the impact of the pandemic to its full extent. However, in the observable future it is being believed that the pandemic will have major effects on the industry. A renewed drive on intensifying focus on operational resilience, the affordability of infrastructure, the deployment of new technologies and the need for sustainability would continue to be aim for infrastructure managers worldwide. As successful delivery of infrastructure demands well knitted alignment and collaboration between wide ranges of participants, each having their own interest and agenda, your Company shall also aim towards consolidation and realignment of business strategies for staying ahead on the growth curve.

VI. RISK MANAGEMENT

Risk management continues to be an integral part of your Company's growth strategy. The risk management strategy of your Company hinges on a clear understanding of various risks and adherence to well-laid out risk policies and procedures that are benchmarked with industry best practices. Your Company has developed robust systems and embraced sturdy practices for identifying, measuring and mitigating various risks and ensuring that they are maintained within pre-defined risk appetite levels.

Risk and Concern

• Growth Risk

Growth risk is the inability to effectively manage growth or to successfully implement business plans which depends heavily on the ability to plan and execute the growth strategy. Growth Risk can impact organic as well as inorganic growth vision of the Company in the form of inability to successfully bid for new projects at attractive IRR or acquisition of existing stressed projects at attractive valuation.

Your Company's growth risk mitigation strategy is guided by constant review and analysis of market opportunities and trends in both organic and inorganic space for selective bidding for new projects and acquisition for projects falling within the clearly defined investment criteria.

• Business Risk

Business Risk includes risks with respect to competition, capital intensiveness, input cost, traffic growth for BOT projects and labour.

Your Company faces risk of competition as the sector is growing and more players get qualified to bid for new projects, also as the business which your company operates is capital intensive by nature, availability of sufficient funds is critical for bidding of projects, particularly in case of fund-based projects such as BOT- toll, HAM and TOT model. Further, availability of the right quality and quantity of resources is critical for the timely completion of infrastructure projects, any unexpected increase in the input costs will have direct impact on overall margins. Moreover undue attrition of manpower could lead to loss of competitive edge as it may lead to project delays.

Your Company has a well-designed mitigation plan to address these business risks. Company adapts its policies and procedures to ensure a sustained business model. Your Company strives to execute maximum number of projects before their scheduled completion and within the budgeted cost. Your Company operates its working capital cycle in a highly optimized manner, your company enters into contracts with EPC Partners which has the relevant cost escalation provisions that protect your Company's margins. Further, your company's focus is to build an organisation of highly motivated employees, having the ability to execute ambitious business goals with passion and commitment, thereby exceeding customer aspirations. The working environment of the Company is cordial and employee-friendly. The remuneration is at par with the industry standards.

• Regulatory Risk

The business of the company is significantly dependent on various Government entities and could be adversely affected if there are adverse changes in the policies adopted by such Government entities.

Your Company regularly reviews and monitors government policies and likely developments along with an impact assessment of those policies so that necessary actions can be planned and implemented from time to time.

VII. HUMAN RESOURCES AND INDUSTRIAL RELATIONS

Your Company remains committed towards the overall growth and development of Human Capital and continues to adhere to the widely recognized human resource practices for collective growth of the team members' alongwith the organizational development.

In terms of its manpower strength, the overall headcount of the group (including the SPVs) till 31st March 2022 has been 847, consisting of on-roll employees & off-roll resources of 636 & 211 respectively. There has been substantial variation in manpower strength due to portfolio realignment of your Company.

The Human Resources function within the group has been aiming for streamlining its functions towards meeting the compliance parameters while also focusing on optimizing on individual performances. There has been constant focus towards optimizing manpower strength through effective cross-utilization of the existing workforce and leveraging employee functional expertise across various verticals. The Company remains committed to fostering the existing talent pool through Training and Development and implementation of the best Talent Management Practices like Succession Planning which aims to identify organization preparedness for the critical roles of the organization.

Your Company strives to contribute towards CSR as per the line items included in Schedule VII to the Companies Act, 2013.

Due to average loss during three immediately preceding Financial Years i.e. ₹924.69 lakhs, your Company is not required to make any mandatory contribution towards CSR for the Financial Year 2021-22. However, Your Company is fully aware of the fact that as a corporate citizen, it is also entrusted with the responsibility to contribute for the betterment of the society at large. For this purpose, even though the requirement for the amount to be spent towards CSR was NIL, your Company has voluntarily contributed a sum of ₹8.00 Lakhs towards CSR to Suryodaya Foundation formed with the object of imparting, promoting and spreading education for under privileged children and weaker sections of the society.

Presently, Suryodaya Foundation is running 2 (two) schools in Kolkata which impart quality English medium education to under privileged children upto Class X under West Bengal Board of Secondary Education, along with facilities, like free mid-day meals, text books, note books and school uniforms at subsidised rates. The donations received by the entity helps to sustain the financial and educational activities undertaken by the two schools. Also, Donations to Suryodaya Foundation qualify for deduction under Section 80G of the Income Tax Act, 1961.

During the year under review, 2 (two) CSR Committee Meetings were held on 28th June, 2021 and 10th February, 2022.

As prescribed under Section 135 of the Companies Act, 2013, read with relevant rules, an Annual Report on CSR Activities has been set out as an Annexure to this Directors' Report.

During the year under review, the CSR Policy was amended in order to align it with the latest Regulations pertaining to CSR viz. The Companies (Corporate Social Responsibility Policy) Amendment Rules, 2021.

PERFORMANCE EVALUATION

The Nomination and Remuneration Committee (NRC) of your Company has formulated and laid down criteria for Performance Evaluation of the Board (including Committees) and Individual Directors (including Chairman, Managing Director and Independent Directors) pursuant to provisions of Section 134, Section 149 read with the Code for Independent Directors (Schedule IV), and Section 178 of the Companies Act, 2013, covering, inter alia, the following parameters:

- (i) Board Evaluation - degree of fulfillment of key responsibilities; Board culture and dynamics, amongst others;
- (ii) Board Committee Evaluation - effectiveness of meetings; Committee dynamics, amongst others;
- (iii) Individual Director Evaluation (including Chairman and Independent Directors) - Attendance, Contribution at Board Meetings, Guidance/support to management outside Board/Committee meetings, etc., amongst others;

The Board evaluation framework has been designed in compliance with the requirements under the Companies Act, 2013, SEBI Listing

Regulations, 2015 and in accordance with the Guidance Note on Board Evaluation issued by SEBI in January, 2017.

During the year under review, Annual Performance Evaluation was carried out by the Board of its own performance as well as evaluation of the working of various Board Committees, viz., Audit Committee, Stakeholders Relationship Committee, Nomination and Remuneration Committee and Corporate Social Responsibility Committee. This evaluation was led by the Chairman of the Board with specific focus on performance and effective functioning of the Board, its Committees and individual Directors. The Board evaluation was conducted through structured questionnaire designed with qualitative parameters and feedback based on ratings.

Based on the above parameters, the performance of the Board was found to be acceptable and that of the Individual Directors (including Independent Directors) was evaluated and found to be effective.

It was evaluated and found that the performance of Board Committees are acceptable and effective as per ratings assigned by the board and they are adequately composed (in terms of size, skill, expertise, experience, etc.) to carry out the responsibilities and addressing the objectives for which it has been set up by the Board. Also, there is clarity between the Board, Management and Committee w.r.t. the role played by the committee.

During the year under review, in a separate meeting of Independent Directors, performance of non-independent directors, the Board as a whole and the Chairman of the Company was evaluated, taking into account the views of executive directors and Non-Executive directors. It was held unanimously that the Non-Independent Director, viz Managing Director brings to the Board, abundant knowledge in his field and is an expert in his area. Besides, he is insightful, convincing, astute, with a keen sense of observation, mature and has a deep knowledge of your Company. The Managing Directors' performance was rated as effective.

The Board, as a whole, is an integrated, balanced and cohesive unit, where diverse views are expressed and discussed when required, with each Director bringing professional domain knowledge to the table. All Directors are participative, interactive and communicative. The Boards' performance was rated as effective.

The Chairman of the Board had abundant knowledge, experience, skills and understanding of the Board's functioning, possesses a mind for detail, is meticulous to the core and conducts the Meetings with poise and maturity. The Chairmans' performance was rated as effective.

The information flow between your Company's Management and the Board is complete and satisfactory with good quality.

**PRACTICING COMPANY SECRETARIES CERTIFICATE REGARDING
COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE**

To,
The Members

The Board of Directors
Bharat Road Network Limited
Plot No. X1 – 2 & 3, Ground Floor
Block – EP, Sector – V
Salt Lake City, Kolkata – 700 091

We have examined the compliance of conditions of Corporate Governance by Bharat Road Network Limited ('the Company') for the year ended 31st March 2022, as stipulated in Regulations 17 to 27, clauses (b) to (i) of Regulation 46(2) and paragraphs C, D, E and F of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The compliance of conditions of Corporate Governance is the responsibility of the management. This responsibility also includes the design, implementation and maintenance of internal controls and procedures to ensure compliance with the conditions of the Corporate Governance stipulated in the Listing Regulations. Our examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the Regulations 17 to 27, clauses (b) to (i) of Regulation 46(2) and paragraphs C, D E and F of Schedule V of the SEBI Listing Regulations for the year ended on March 31, 2022.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

1. **Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?** - The Company endeavor to follow highest level of Corporate Governance and ethics. It has adopted internal Guidelines in the form of Codes / Policies like Vigil Mechanism (whistle blower policy) and Code of Conduct for Board of Directors and Senior Executives.

The Code of Conduct for Board of Directors and Senior Executives is applicable to the Board of Directors and Senior Executives (VPs and above) of the Company. The members of the Board of Directors and the members of the Senior Management of the Company are required to affirm annual compliance of this code.

This Code emphasizes and requires the Directors and Senior Executives of the Company to act honestly, fairly, ethically and with integrity. This Code helps the Directors and Senior Executives to conduct themselves in professional, courteous and respectful manner and also to ensure that their independent judgment is not sub-ordinated.

The Corporate Governance framework is further supported by a Vigil Mechanism Policy which serves as a mechanism for its Directors and employees to report any genuine concerns about any unethical behaviour, actual or suspected fraud or violation of the Code of Conduct without fear of reprisal, and hence to help ensure the Company continues to uphold its high standards.

2. **How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.**

Shareholders Grievances	-	2	2	-
Complaints received under Whistle Blower	-	-	-	-

Principle 2

1. **List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.**

We are committed towards creating a sustainable environment based on the principle of laying foundations for a progressive society by contributing and nurturing the growth of livelihoods, communities, and the country. With an objective towards aligning our business and operations with global best practices for creation of a sustainable business environment, we approach stakeholders concerns with a focus on improving connectivity and bringing the communities closer through our safe and reliable transportation network.

- **Rainwater Harvesting:** We consciously promote water conservation through Rainwater Harvesting technology across our various project sites. With an aim towards reducing reliance on imported water during construction activities at the project site, we strive to make best use of natural resource and subsequently reduce the risk of flooding, storm water runoff, and erosion. Rainwater Harvesting system using ground or land surface catchment areas have been adopted at our various locations as this system is globally recognized as less complex way of collecting rainwater than rooftop catchments. This system involves improving runoff capacity of the land surface through various techniques including collection of runoff with drain pipes and storage of collected water.
 - **Transplantation and Afforestation:** Construction of Roads often requires felling of trees along the project stretch. To offset the adverse impact of such activities, we undertake compensatory afforestation programme through systematic avenue and median plantation. By doing this, we not only ensure compliance to the NHAI norms on plantation but also contribute towards enhancement of aesthetic view of the corridors. Last year we have done tree transplantation work along the median stretch of Thrissur to Angamaly which had been widely recognized by Project Authority and general public. We had transplanted around 85 nos. big plants of around 10/12 Mtr. Height and small trees of around 30 nos along the project stretch.
 - **Recycling of Waste Materials:** We also celebrate the World Environment day across all our project entities to increase awareness about plantation and its positive impact on the society and environment. We have also taken up distribution of saplings to the road users on World Environment Day and used scrape PVC barrels for Toll beautification and use MS scrap materials for Green parking at our Paliyekkara toll plaza in Kerala.

In case of business exigencies or urgency of matters, resolutions are passed by circulation. Meetings are governed by structured agenda and all major agenda items are backed by comprehensive background information to enable the Board to take informed decisions. In addition, specific cases of acquisitions / divestment, important managerial decisions, material positive/negative developments and statutory matters are also presented to the Board for their approval.

As a system, the Agenda papers, along with the explanatory notes, for Board Meetings are circulated well in advance to the Directors. Information is provided to the Board Members on a continuous basis for their review, inputs and approval from time to time. Every Board Member is free to suggest items for inclusion in the Agenda. The information as specified in Part A of Schedule II read with

Regulation 17(7) of SEBI Listing Regulations, 2015 is regularly made available to the Board, whenever applicable, for discussion and consideration. Considerable time is spent by the Directors on discussions and deliberations at the Board Meetings.

In some instances, documents are tabled at the Meetings and presentations are also made by the respective executives on the matters related to them at the Board Meetings. Documents containing Unpublished Price Sensitive Information (UPSI) are submitted to the Board and Committee Members, at a shorter notice, as per the general consent taken from the Board, from time to time.

Further, in compliance with the Secretarial Standard –1 on 'Meetings of the Board of Directors' (SS-1) issued by the Institute of Company Secretaries of India (ICSI), any item not included in the Agenda is taken up for consideration before the Board with the permission of the Chairman and with the consent of majority of Directors present at the Meeting.

In compliance with the Secretarial Standard –1 on 'Meetings of the Board of Directors' (SS-1), the Company Secretary records minutes of proceedings of each Board and Committee Meeting. Draft minutes are circulated to the Board/Committee members within 15 (fifteen) days from the date of conclusion of the Meeting for their comments and the Minutes are entered in the Minutes Book within 30 (thirty) days from the date of conclusion of the Meeting. Action Taken Report on the decisions of the previous Meeting(s) is placed at the immediately succeeding Meeting of the Board/Committee(s) for information and review by the Board/Committee(s).

Independent Auditor's Report

To
The Members of Bharat Road Network Limited
Report on the Standalone Financial Statements

Qualified opinion

We have audited the accompanying standalone financial statements of Bharat Road Network Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the *impact of the matter as described in the basis for qualified opinion paragraph*, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

We refer note - 16(ii) of the standalone financial statements, where the Company has not recognized interest on ₹7,000 lakhs from July 01, 2019 onwards which is not in compliance of Ind AS 1 'Presentation of Financial Statements' read with Ind AS 109 'Financial Instruments'. Due to this, loss before tax of the Company for the year ended March 31, 2022 has been understated by ₹892.50 lakhs and the current liabilities as at March 31, 2022 has been understated by ₹2,457.43 lakhs.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *qualified opinion*.

Key Audit Matters

Key audit matters (KAM) are those matters that, in our professional judgment were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matters (KAM) –

Sl. No.	Key Audit Matter	Auditor's Response
1	Investments in Optionally Convertible Debentures of subsidiaries and associates has been considered as financial assets and valued at Fair Value Through Profit and Loss. Refer Note no - 4 of the standalone financial statement.	We have reviewed the projections and related information and explanations and additionally considered the valuation report of a registered valuer appointed by the Company.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report including annexures to Director's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. Based on the records, information and explanation provided, we have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and

whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonable knowledgeable user of the standalone financial statements may be influenced. We consider quantitative and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters, communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, and according to the information and explanations given to us and also on the basis of such checks as we considered appropriate, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BHARAT ROAD NETWORK LIMITED**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section**

We have audited the internal financial controls over financial reporting of Bharat Road Network Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of Management and directors of the Company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were generally operating effectively as at March 31, 2022, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Notes to the Financial Statements for the year ended March 31, 2022

1. Company Overview and Significant Accounting Policies

(A) Corporate Information

Bharat Road Network Limited (the company) is domiciled and incorporated in India and its shares are quoted on BSE Limited ('BSE') and National Stock Exchange of India Limited ('NSE') w.e.f. 18th September, 2017. The Registered Office of the Company is at 'Plot X1-2 & 3, Ground Floor, Block-EP, Sector-V, Salt Lake City, Kolkata - 700 091.

The Company is presently engaged in the business of designing, building, operating, maintaining and carrying out all other activities pertaining to road projects. As per the guidelines of respective Government Authority and the requirements of the Concession Agreements, such road projects are required to be implemented under the Built, Operate & Transfer (BOT) model by creating Special Purpose Vehicles (SPVs) so that after the concession period, the SPV can be transferred to the respective authority on an "as is where is basis". The Company has, therefore, invested in various road projects under the aforesaid SPV model.

(B) Significant Accounting Policies

1.1 Statement of Compliance

The Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act") with effect from April 1, 2017 and therefore Ind AS issued, notified and made effective till the financial statements are authorised have been considered for the purpose of preparation of these financial statements.

Accounting Policy has been consistently applied except where a newly introduced Accounting Standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

1.2 Basis of Preparation

The financial Statements have been prepared on historical cost convention on accrual basis, except for certain financial instruments that are measured in terms of relevant Ind AS at fair values/amortised cost at the end of each reporting period.

Historical cost convention is generally based on fair value of the consideration given in exchange for goods and services.

As the operating cycle cannot be identified in normal course, the same has been assumed to have duration of 12 months. All Assets and Liabilities have been classified as current or non-current as per the operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

The Standalone Financial Statements are presented in Indian Rupees and all values are rounded off to the nearest two decimal lakhs except otherwise stated.

1.3 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability

Level 3 : inputs for the asset or liability which are not based on observable market data.

1.4 Property Plant and Equipment (PPE)

- (i) Freehold land is carried at historical cost. All other items of PPE are stated at their cost of acquisition or construction and is net of accumulated depreciation. Carrying value of PPE on the date of transition has been considered to be deemed cost. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.
- (ii) All project related expenses via civil works, machinery under erection, construction and erection materials, pre-operative expenditure net of revenue incidental / attributable to the construction of project, borrowing cost incurred prior to the date of commercial operations are shown under Capital Work -In-Progress (CWIP).
- (iii) Depreciation on property plant and equipment commences when the assets are ready for their intended use.
- (iv) Depreciation on PPE is provided on the straight-line method over the useful lives of the respective asset as specified in Part C of Schedule II to Companies Act, 2013. The useful life of assets considered for depreciation as above are as follows:

Notes to the Financial Statements for the year ended March 31, 2022

Category	Useful life (years)
Computers	3, 6 years
Furniture & fixtures	10 years
Office equipments	5 years

- (v) The residual values, useful lives and method of depreciation of assets are reviewed at each financial year end and adjusted prospectively, if appropriate.
- (vi) Cost of leasehold lands are amortised under the straight line method over the related lease period.

1.5 Intangible Assets

Recognition and initial measurement

Intangible assets are stated at cost comprising of purchase price inclusive of duties and taxes less accumulated amount of amortization and impairment losses. Such assets, are amortised over the useful life using straight line method and assessed for impairment whenever there is an indication of the same.

Accordingly, cost of computer software packages has been allocated / amortised over a period of 6 years on straight line basis

1.6 Derecognition of Tangible and Intangible Assets

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal of an item of PPE is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

1.7 Impairment of Tangible and Intangible Assets

Tangible and Intangible assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets fair value less cost of disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period the impairment loss is reversed and recognized in the Statement of Profit and Loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

1.8 Leases

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and

remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss. The Company has elected to use the recognition exemptions for short term leases as well as low value assets.

1.9 Investments in Subsidiaries, Associates and Joint Ventures

The Company's investment in the equity shares of its subsidiaries, associates & joint ventures are recognised at cost. The company has elected to apply previous GAAP carrying amount of its equity investment in subsidiaries, associates & joint ventures as deemed cost as on the date of transition to Ind AS. However, the debt instruments in subsidiaries, associates & joint ventures are recognized at fair value.

1.10 Financial Assets and Liabilities

Financial assets and financial liabilities (financial instruments) are recognized when Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

The financial assets and financial liabilities are classified as current if they are expected to be realised or settled within operating cycle of the company or otherwise these are classified as non current.

The financial instruments are classified to be measured at Amortized Cost, at Fair Value Through Profit and Loss (FVTPL) or at Fair Value Through Other Comprehensive Income (FVTOCI) and such classification depends on the objective and contractual terms to which they relate. Classification of financial instruments are determined on initial recognition.

(i) Cash and cash equivalents

All highly liquid financial instruments, which are readily convertible into known amounts of cash and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

(ii) Financial Assets and Financial Liabilities measured at amortized cost

Financial Assets held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost.

The above Financial Assets and Financial Liabilities subsequent to initial recognition are measured at amortized cost using Effective Interest Rate (EIR) method.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts (including all fees and points paid or received, transaction costs and other premiums or discounts) through the expected life of the Financial Asset or Financial Liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(iii) Financial Asset at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent to initial recognition, they are measured at fair value and changes therein are recognised directly in other comprehensive income.

(iv) For the purpose of para (ii) and (iii) above, the principal is considered to be fair value of the financial asset at initial recognition and interest consists of consideration for the time value of money and associated credit risk.

(v) Financial Assets or Liabilities at Fair value through profit or loss (FVTPL)

Financial Instruments which do not meet the criteria of amortized cost or fair value through other comprehensive income are classified as Fair Value through Profit or loss. These are recognised at fair value and changes therein are recognized in the statement of profit and loss.

Notes to the Financial Statements for the year ended March 31, 2022

(vi) Equity Instruments

All equity investments in scope of Ind AS 109 are measured at fair value (except equity investment in subsidiary, associates and joint ventures). For equity instruments, the company may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable if the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

1.11 Financial guarantee contracts

Financial guarantee contracts other than those which are in the nature of Insurance are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified party fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of expected loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortization.

1.12 Impairment of Financial Assets

A financial asset is assessed for impairment at each reporting date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have a negative effect on the estimated future cash flows of that asset. The company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. However, for trade receivables or contract assets that result in relation to revenue from contracts with customers, the company measures the loss allowance at an amount equal to lifetime expected credit losses.

1.13 De-recognition of financial instruments

The Company derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset (except for equity instruments designated as FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable are recognized in statement of profit and loss.

On derecognition of assets measured at FVTOCI the cumulative gain or loss previously recognised in other comprehensive income is reclassified to profit or loss as a reclassification adjustment unless the asset represents an equity investment, in which case the cumulative gain or loss previously recognised in other comprehensive income are reclassified within equity.

Financial liabilities are derecognized if the Company's obligations specified in the contract expire or are discharged or cancelled. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in Statement of Profit and Loss.

1.14 Inventories

Inventories are valued at lower of cost or net realisable value

Cost is calculated on weighted average basis and includes expenditure incurred for bringing such inventories to their present location and condition. Adjustments in the carrying amount of obsolete, defective and slow moving items as may be identified at the time of physical verification is made where appropriate, to cover any eventual loss on their ultimate realisation.

1.15 Foreign Currency Transactions

Presentation currency:

These financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the company.

Transactions and balances:

Transactions in foreign currencies are translated into the functional currency at the exchange rates prevailing on the date of the transactions. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transactions during the year are recognized as income or expense in the profit and loss account. Foreign exchange gain/loss to the extent considered as an adjustment to Interest Cost are considered as part of borrowing cost.

1.16 Provision, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are not recognized for future operating losses. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities is not recognized and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

Contingent Assets are disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

1.17 Post-employment, long term and short term employee benefits**Defined contribution plans****Provident Fund**

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Defined benefit plans**Gratuity (Unfunded)**

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the financial statement in respect of gratuity is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit/obligation is calculated at or near the reporting date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

Compensated absences

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short Term Employee Benefits

Recognised at the undiscounted amount as expense for the year in which the related service is provided.

1.18 Revenue Recognition**Service Revenue**

The Company recognises revenue when the company satisfies a performance obligation by transferring a promised service to a customer and it is probable that the company will collect the consideration to which it will be entitled in exchange for the services.

Interest Income

Interest income is generally recognized on a time proportion basis by considering the outstanding amount and effective interest rate. For all financial instruments measured at amortized cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument. Interest income is included in other income in the statement of profit and loss.

Notes to the Financial Statements for the year ended March 31, 2022

Other Income

Other Income is recognized when right to receive is established.

1.19 Borrowing Costs

Borrowing cost comprises of interest and other costs incurred in connection with the borrowing of the funds. All borrowing costs are recognized in the Statement of Profit and Loss using the effective interest rate method except to the extent attributable to qualifying asset which are capitalized to the cost of the related assets. A qualifying asset is an asset, that necessarily takes a substantial period of time to get ready for its intended use or sale. Borrowing cost also includes exchange differences to the extent considered as an adjustment to the borrowing costs.

1.20 Income Tax

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognized in the statement of profit & loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current income tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Taxable Income differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense taxable on the basis different than that considered for recognition in the accounts and also due to the items that are taxable or deductible in other years and items that are never taxable or deductible.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised.

1.21 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.22 Use of Estimates and management judgements

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the company to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets, liabilities and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date.

The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The areas involving critical judgement are as follows:

i) Useful lives of property plant and equipment / intangible assets

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

Notes to the Financial Statements for the year ended March 31, 2022

ii) **Provisions and contingencies**

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change.

iii) **Post-employment benefit plans**

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate.

iv) **Income Taxes**

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Deferred tax assets are recognised for unused tax losses and unused tax credit to the extent that it is probable that taxable profit would be available against which the losses could be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

v) **Fair value measurements and valuation processes**

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

30.3 Segment Reporting

The Company is primarily engaged in a single business segment of own, build, develop, design, operate, transfer road and related services. All the activities of the Company revolve around the main business. As such there are no separate reportable segments as per requirements of Indian Accounting Standard (Ind AS- 108) on operating segment. Further, the Company operates only in India, hence additional information under geographical segments is also not applicable. The Managing Director of the Company has been identified as the Chief Operating Decision Maker (CODM). The Chief Operating Decision Maker also monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

Total revenue includes revenue from a external customer exceeding 10% of revenue aggregating to Rs 9,038.77 lakhs (Previous year: Rs. 1,710.34 lakhs).

30.5 The Company is presently engaged in the business of designing, building, operating, maintaining and carrying out all other activities pertaining to road projects. As per the guidelines of respective Government Authority and the requirements of the Concession Agreements, such road projects are required to be implemented under the Built, Operate & Transfer (BOT) model by creating Special Purpose Vehicles (SPVs) so that after the concession period, the SPV can be transferred to the respective authority on an "as is where is basis". The Company has, therefore, invested in various road projects under the aforesaid SPV model.

These investments have been made on a long term basis with an objective to earn returns and capital appreciation after the commencement of commercial operations of the respective Projects. The Company has treated these investments in SPVs as "Qualifying Asset". As per Indian Accounting Standard (Ind AS) 23 on 'Borrowings Costs' and in accordance with the accounting concept of 'Matching costs and revenues', the Company has capitalised borrowing cost incurred on funds borrowed exclusively for investments in the SPVs as part of the cost of investments.

Total borrowing cost capitalized to Non current Investment as at March 31, 2022 amounts to ₹ 16,078.86 Lakhs. (As at March 31, 2021 ₹ 16,078.86 Lakhs)

30.6 In the Capacity of Lessee

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. As at March 31, 2022 and March 31, 2021 there were no lease arrangements for a period of more than 12 months.

32 FINANCIAL INSTRUMENT RELATED DISCLOSURES

i) Capital Management

The primary objective of company's capital management is to support its road projects (SPVs) and provide adequate capital to its business for growth and creation of sustainable stakeholder value. The company's capital comprises of share capital and retained earnings attributable to equity shareholders. The company manages its capital structure in light of changes in the economic and regulatory environment and the requirements of the financial covenants.

The company manages its capital structure and make adjustments in light of changes in economic conditions and requirement of financial covenants. Breaches in meeting the financial covenants would permit the lenders to call loans and borrowings or charge some penal interest. The Company, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. In order to maintain or adjust the capital structure, the Company may adjust the dividend payments to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, loans and borrowings, less cash and cash equivalents.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2022 and year ended March 31, 2021.

The table shown above analyses financial instruments carried at fair value, by valuation method. The different levels have been defined below:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

C. Valuation techniques

The following methods and assumptions were used to estimate the fair values

- 1) The fair value of trade receivables, trade payables, current loans, current borrowing and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short term nature.
- 2) The fair value of Non-current investments (excluding investment measured at cost/amortized cost) and non-current loans are done by adopting Discounted Free Cash flow method (DCF) approach by a registered valuer. These valuation is based on the assumptions and estimates considered appropriate by the management.
- 3) Non current Borrowings and other non current financial liabilities have been contracted at fixed rate of interest and accounted for accordingly. Fair value of these approximates their carrying value.

Independent Auditor's Report

To
The Members of Bharat Road Network Limited

Report on the Consolidated Financial Statements

Qualified opinion

We have audited the accompanying consolidated financial statements of Bharat Road Network Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") and its share of loss of its associate companies, which comprise the consolidated Balance Sheet as at March 31, 2022, and the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, *except for the impact of the matter as described in the basis for qualified opinion paragraph*, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, the consolidated loss and consolidated total comprehensive loss, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

We refer note - 19(b)(i) of the consolidated financial statements, where the Holding Company has not recognized interest on ₹7,000 lakhs from July 01, 2019 onwards which is not in compliance of Ind AS 1 'Presentation of Financial Statements' read with Ind AS 109 'Financial Instruments'. Due to this, loss before tax of the Group for the year ended March 31, 2022 has been understated by ₹892.50 lakhs and the current liabilities as at March 31, 2022 has been understated by ₹2,457.43 lakhs.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters (KAM) are those matters that, in our professional judgment were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed

in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matters (KAM) –

Sl. No.	Key Audit Matter	Auditor's Response
1	Investments in Optionally Convertible Debentures of subsidiaries and associates has been considered as financial assets and valued at Fair Value Through Profit and Loss. Refer note 8 of the consolidated financial statements.	We have reviewed the projections and related information and explanations and additionally considered the valuation report of a registered valuer appointed by the Holding Company.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report including annexures to Director's Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. Based on the records, information and explanation provided, we have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group including its Associates in accordance with the Ind AS and accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Group and of its Associates are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its Associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its Associates are responsible for assessing the ability of the Group and its Associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and its Associates are also responsible for overseeing of the financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group and its Associates have adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its Associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its Associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent

the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its Associates to express an opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonable knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters, communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements/financial information of three Subsidiary Companies included in these Consolidated Financial Statements whose financial statements reflect total assets of ₹2,04,381.54 lakhs as at March 31, 2022, total revenues of ₹22,217.90 lakhs, total net loss after tax of ₹10,153.12 lakhs and total comprehensive loss of ₹10,135.24 lakhs and net cash flows of ₹1,414.77 lakhs for the year ended March 31, 2022, as considered in the Consolidated Financial Statements. The Consolidated financial statements also include the Group's share of net loss after tax of ₹13,733.18 lakhs and the Group's share of total comprehensive loss of ₹13,725.54 lakhs for the year ended March 31, 2022 as considered in the Consolidated Financial Statements in respect of four Associate Companies. The Financial Statements of these subsidiary companies and these associate companies have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, is based solely on the reports of the other auditors.

The consolidated financial statements also include the Group's share of net loss after tax of ₹nil and the Group's share of total comprehensive loss of ₹ nil for the year ended March 31, 2022 as considered in the consolidated financial statements in respect of one associate which has not been audited and have been approved and furnished to us by the Management. In our opinion and according to the information and explanations given to us by the Management, this financial statements / financial information is not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BHARAT ROAD NETWORK LIMITED (COMPANY)

Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section of our report referred above

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of Bharat Road Network Limited (hereinafter referred to as "Holding Company") and its subsidiary companies and associate companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other Auditors of the Subsidiary Companies and Associate Companies (except one associate company which has not been audited and have been approved and furnished to us by the Management), which are Companies incorporated in India, in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the holding company, its subsidiary companies and its associate companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the holding company, its subsidiary companies and its associate companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were generally operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting –

- insofar as it relates to three subsidiary companies and four associate companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.
- does not consider one associate company which has not been audited and have been approved and furnished to us by the Management. In our opinion and according to the information and explanations given to us by the Management, this associate company is not material to the Group.

Our opinion is not modified in respect of the above matters.

	8	Any other financials item(s) (as felt appropriate by the Management)		

II Audit Qualification (each audit qualification separately):

- a. Details of Audit Qualification: The Holding Company has not recognized interest on ₹7,000 lakhs from July 01, 2019 onwards which is not in compliance of Ind AS 1 'Presentation of Financial Statements' read with Ind AS 109 'Financial Instruments'. Due to this, loss before tax of the Group for the quarter ended March 31, 2022 has been understated by ₹220.07 lakhs and loss before tax of the Group for the year ended March 31, 2022 has been understated by ₹892.50 lakhs and the current liabilities as at March 31, 2022 has been understated by ₹2,457.43 lakhs.

- b. Type of Audit Qualification : Qualified Opinion

- c. Frequency of qualification: For the year ended 31st March 22, 31st March 21 & 31st March 20

- d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:

The Holding Company had received an amount of ₹7000 lakhs from IL&FS Group - IL&FS Financial Services Ltd. (IL & FS) in the FY 2016-17. The Holding Company also has a receivable of ₹11,419 lakhs from IL&FS Group - IL & FS Transportation Networks Limited (ITNL), hence the Holding Company has initiated appropriate measures for set off of this payable and recovery of the balance amount.

As per NCLAT order , these companies have been classified under IL&FS Group.

The Holding Company, as such, has put on hold the interest and Principal payment since September 30, 2018. The Holding Company has not provided interest from July 01, 2019 onwards, pending the settlement of dispute. An application has been filed against the Holding Company by IL & FS before the Hon'ble National Company Law Tribunal, Kolkata claiming their dues which is yet not admitted.

- e. For Audit Qualification(s) where the impact is not quantified by the auditor: Same is already quantified.

(i) Management's estimation on the impact of audit qualification: Not Applicable

(ii) If management is unable to estimate the impact, reasons for the same: Not Applicable

(iii) Auditors' Comments on (i) or (ii) above: Not Applicable

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

1. Company Overview

Corporate Information

Bharat Road Network Limited (the Company) is domiciled and incorporated in India and its shares are quoted on BSE Limited ('BSE') and National Stock Exchange of India Limited ('NSE') w.e.f. 18th September, 2017. The Registered Office of the Company is at Plot X1-2 & 3, Ground Floor, Block-EP, Sector-V, Salt Lake City, Kolkata - 700 091.

The Company is presently engaged in the business of designing, building, operating, maintaining and carrying out all other activities pertaining to road projects. As per the guidelines of respective Government Authority and the requirements of the Concession Agreements, such road projects are required to be implemented under the Built, Operate & Transfer (BOT) model by creating Special Purpose Vehicles (SPVs) so that after the concession period, the SPV can be transferred to the respective authority on an "as is where is basis". The Company has, therefore, invested in various road projects under the aforesaid SPV model.

2. Statement of Compliance

The Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act") with effect from April 1, 2017 and therefore Ind AS issued, notified and made effective till the financial statements are authorised, have been considered for the purpose of preparation of these financial statements.

Accounting Policy has been consistently applied except where a newly introduced Accounting Standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

3. Significant Accounting Policies

3.1 Basis of Preparation

The financial Statements have been prepared on historical cost convention on accrual basis, except for certain financial instruments that are measured in terms of relevant Ind AS at fair values/amortised cost at the end of each reporting period.

Historical cost convention is generally based on fair value of the consideration given in exchange for goods and services.

As the operating cycle cannot be identified in normal course, the same has been assumed to have duration of 12 months. All Assets and Liabilities have been classified as current or non-current as per the operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

The Consolidated Financial Statements are presented in Indian Rupees and all values are rounded off to the nearest two decimal lakhs except otherwise stated.

Basis of Consolidation

The Consolidated Financial Statements (CFS) includes the financial statements of the Company and its subsidiaries together with the share of the total comprehensive income of associates.

Subsidiaries are entities controlled by the Group. Associates are entities over which the Group exercise significant influence but does not control. An entity / arrangement in which the Group has the ability to exercise control jointly with one or more uncontrolled entities may be a joint venture ("JV") or a joint operation ("JO"). Unlike in a JV where parties have proportionate interests in the assets and liabilities of the JV entity, parties have rights to and obligations towards specified assets and liabilities in a JO.

Control, significant influence and joint control is assessed annually with reference to the voting power (usually arising from equity shareholdings and potential voting rights) and other rights (usually contractual) enjoyed by the Group in its capacity as an investor that provides it the power and consequential ability to direct the investee's activities and significantly affect the Group's returns from its investment. Such assessment requires the exercise of judgement and is disclosed by way of a note to the Financial Statements.

The assets, liabilities, income and expenses of subsidiaries are aggregated and consolidated, line by line, from the date control is acquired by any Group entity to the date it ceases. Profit or loss and each component of other comprehensive income are attributed to the Group as owners and to the non-controlling interests. The Group presents the non-controlling interests in the Balance Sheet within equity, separately from the equity of the Group as owners. The excess of the Group's investment in a subsidiary over its share in the net worth of such subsidiary on the date control is acquired is treated as goodwill while a deficit is considered as a capital reserve in the CFS. On disposal of the subsidiary, attributable amount on goodwill is included in the determination of the profit or loss and recognised in the Statement of Profit and Loss. Impairment loss, if any, to the extent the carrying amount exceeds the recoverable amount is charged off to the Statement of Profit and Loss as it arises and is not reversed. For impairment testing, goodwill is allocated to Cash Generating Unit (CGU) or a group of CGUs to which it relates, which is not larger than an operating segment, and is monitored for internal management purposes.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

An investment in an associate or a JV is initially recognized at cost on the date of the investment, and inclusive of any goodwill/capital reserve embedded in the cost, in the Balance Sheet. The proportionate share of the Group in the net profits / losses as also in the other comprehensive income is recognised in the Statement of Profit and Loss and the carrying value of the investment is adjusted by a like amount (referred as 'equity method'). All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

3.2 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Group categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability

Level 3 : inputs for the asset or liability which are not based on observable market data.

3.3 Property Plant and Equipment (PPE)

- (i) Freehold land is carried at historical cost. All other items of PPE are stated at their cost of acquisition or construction and is net of accumulated depreciation. Carrying value of PPE on the date of transition has been considered to be deemed cost. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.
- (ii) All project related expenses via civil works, machinery under erection, construction and erection materials, pre-operative expenditure net of revenue incidental / attributable to the construction of project, borrowing cost incurred prior to the date of commercial operations are shown under Capital Work -In-Progress (CWIP).
- (iii) Depreciation on property plant and equipment commences when the assets are ready for their intended use.
- (iv) Depreciation on PPE is provided on the straight-line method over the useful lives of the respective asset as estimated by the Management . The useful life of assets considered for depreciation as above are as follows:

Category	Useful life (years)
Computers	3, 6 years
Furniture & fixtures	10 years
Electrical Installation	10 years
Plant & Machinery	8,10 years
TMS	5 years
Office equipments	5 years

- (v) The residual values, useful lives and method of depreciation of are reviewed at each financial year end and adjusted prospectively, if appropriate.
- (vi) Cost of leasehold lands are amortised under the straight line method over the related lease period.

3.4 Intangible Assets

Recognition and initial measurement

i) Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue from the users of the public service (road) during the concession period in respect of Build-Operate-Transfer ("BOT") project undertaken by the SPVs. Toll collection rights are capitalized as intangible assets upon completion of the project at the

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

cumulative construction costs plus the negative grants and additional concession fee payable to National Highways Authority of India ("NHAI")/State authorities, if any. Till the completion of the project, the same is recognised under intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as "Change of Scope") is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI/State authorities are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

Any Viability Gap Funding (VGF) in the form of equity support in connection with project construction is accounted as a receivable and is adjusted to the extent of actual receipts.

Pre-operative expenses including administrative and other general overhead expenses that are directly attributable to the development or acquisition of intangible assets are allocated and capitalized as part of cost of the intangible assets.

Intangible assets that are not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible assets under development".

Amortisation of intangible assets (Toll collection rights)

Toll collection rights in respect of road projects are amortized over the period of concession using the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013. Under the revenue based method, amortisation is provided based on proportion of actual revenue earned till the end of the year to the total projected revenue from the intangible asset expected to be earned over the concession period. Total projected revenue is reviewed at the end of each financial year and is adjusted to reflect the changes in earlier estimate vis-a-vis the actual revenue earned till the end of the year so that the whole of the cost of the intangible asset is amortised over the concession period.

ii) Other Intangible Assets

Cost of computer software packages has been allocated / amortised over a period of 6 years on straight line basis

3.5 Derecognition of Tangible and Intangible Assets

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal of an item of PPE is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

3.6 Impairment of Tangible and Intangible Assets

Tangible and Intangible assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets fair value less cost of disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period the impairment loss is reversed and recognized in the Statement of Profit and Loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

3.7 Leases

The Group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment.

Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Group recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in statement of profit and loss.

The Group has elected to use the recognition exemptions for short term leases as well as low value assets.

3.8 Investments in Associates and Joint Ventures

Investment in the equity shares of associates & joint ventures is accounted for using the 'equity method' less accumulated impairment, if any. All other investments in scope of Ind AS 109 are measured at fair value.

3.9 Financial Assets and Liabilities

Financial assets and financial liabilities (financial instruments) are recognized when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

The financial instruments are classified to be measured at Amortized Cost, at Fair Value Through Profit and Loss (FVTPL) or at Fair Value Through Other Comprehensive Income (FVTOCI) and such classification depends on the objective and contractual terms to which they relate. Classification of financial instruments are determined on initial recognition.

(i) Cash and cash equivalents

All highly liquid financial instruments, which are readily convertible into known amounts of cash and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

(ii) Financial Assets and Financial Liabilities measured at amortized cost

Financial Assets held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost.

The above Financial Assets and Financial Liabilities subsequent to initial recognition are measured at amortized cost using Effective Interest Rate (EIR) method.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts (including all fees and points paid or received, transaction costs and other premiums or discounts) through the expected life of the Financial Asset or Financial Liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(iii) Financial Asset at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent to initial recognition, they are measured at fair value and changes therein are recognised directly in other comprehensive income.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

(iv) For the purpose of para (ii) and (iii) above, the principal is considered to be fair value of the financial asset at initial recognition and interest consists of consideration for the time value of money and associated credit risk.

(v) **Financial Assets or Liabilities at Fair value through profit or loss (FVTPL)**

Financial Instruments which do not meet the criteria of amortized cost or fair value through other comprehensive income are classified as Fair Value through Profit or loss. These are recognised at fair value and changes therein are recognized in the statement of profit and loss.

(vi) **Equity Instruments**

All equity investments in scope of Ind AS 109 are measured at fair value (except equity investment in associates and joint ventures). For equity instruments, the Group may make an irrevocable election to present subsequent changes in the fair value in other comprehensive income. The Group makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable if the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

3.10 Financial guarantee contracts

Financial guarantee contracts other than those which are in the nature of Insurance are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified party fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of expected loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortization.

3.11 Impairment of Financial Assets

A financial asset is assessed for impairment at each reporting date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have a negative effect on the estimated future cash flows of that asset.

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument.

However, for trade receivables or contract assets that result in relation to revenue from contracts with customers, the Group measures the loss allowance at an amount equal to lifetime expected credit losses. For the purpose of classification of financial assets including trade receivable as credit impaired, a period of three years is considered by the management.

3.12 De-recognition of financial instruments

The Group derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset (except for equity instruments designated as FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable are recognized in statement of profit and loss.

On derecognition of assets measured at FVTOCI the cumulative gain or loss previously recognised in other comprehensive income is reclassified to profit or loss as a reclassification adjustment unless the asset represents an equity investment in which case, the cumulative gain or loss previously recognised in other Comprehensive Income are reclassified within Equity.

Financial liabilities are derecognized if the Group's obligations specified in the contract expire or are discharged or cancelled. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in Statement of Profit and Loss.

3.13 Inventories

Inventories are valued at lower of cost or net realisable value

Cost is calculated on weighted average basis and includes expenditure incurred for bringing such inventories to their present location and condition. Adjustments in the carrying amount of obsolete, defective and slow moving items as may be identified at the time of physical verification is made where appropriate, to cover any eventual loss on their ultimate realisation.

3.14 Foreign Currency Transactions

Presentation currency:

These financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the company.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

Transactions and balances:

Transactions in foreign currencies are translated into the functional currency at the exchange rates prevailing on the date of the transactions. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transactions during the year are recognized as income or expense in the profit and loss account. Foreign exchange gain/loss to the extent considered as an adjustment to Interest Cost are considered as part of borrowing cost.

3.15 Provision, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are not recognized for future operating losses. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities is not recognized and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

Contingent Assets are disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

3.16 Post-employment, long term and short term employee benefits

Defined contribution plans

Provident Fund

The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Defined benefit plans

Gratuity (Unfunded)

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the financial statement in respect of gratuity is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit/obligation is calculated at or near the reporting date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

Compensated absences

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short Term Employee Benefits

Recognised at the undiscounted amount as expense for the year in which the related service is provided.

3.17 Revenue Recognition

Toll Collection

Toll collections from the users of the infrastructure facility constructed by the SPVs under the Service Concession Arrangement is accounted for based on actual collection. Revenue from sale of smart cards is accounted on cash basis.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

Construction services

Revenue related to construction or upgrade services under a service concession arrangement is recognised based on the stage of completion of the work performed, consistent with the Group's accounting policy on recognising revenue on construction contracts. Operation or service revenue is recognised in the period in which the services are rendered.

Service Revenue

The Group recognises revenue when it satisfies a performance obligation by transferring a promised service to a customer and it is probable that the Group will collect the consideration to which it will be entitled in exchange for the services.

Interest Income

Interest income is generally recognized on a time proportion basis by considering the outstanding amount and effective interest rate. For all financial instruments measured at amortized cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument. Interest income is included in other income in the statement of profit and loss.

Other Income

Other Income is recognized when right to receive is established.

3.18 Borrowing Costs

Borrowing cost comprises of interest and other costs incurred in connection with the borrowing of the funds. All borrowing costs are recognized in the Statement of Profit and Loss using the effective interest rate method except to the extent attributable to qualifying asset which are capitalized to the cost of the related assets. A qualifying asset is an asset, that necessarily takes a substantial period of time to get ready for its intended use or sale. Borrowing cost also includes exchange differences to the extent considered as an adjustment to the borrowing costs.

3.19 Income Tax

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current income tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Taxable Income differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense taxable on the basis different than that considered for recognition in the accounts and also due to the items that are taxable or deductible in other years and items that are never taxable or deductible.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with asset will be realised.

3.20 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

3.21 Use of Estimates and management judgements

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management of the company to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets, liabilities and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date.

The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The areas involving critical judgement are as follows:

i) **Useful lives of property plant and equipment / intangible assets**

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

ii) **Provisions and contingencies**

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change.

iii) **Post-employment benefit plans**

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. It is considered that the assumptions used to measure its obligations are appropriate.

iv) **Income Taxes**

The Group's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Deferred tax assets are recognised for unused tax losses and unused tax credit to the extent that it is probable that taxable profit would be available against which the losses could be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

v) **Fair value measurements and valuation processes**

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

3.22 Government Grant

Group entities may receive government grants that require compliance with certain conditions related to the entity's operating activities or are provided to the entity by way of financial assistance on the basis of certain qualifying criteria.

Government grants are recognised when there is reasonable assurance that the grant will be received, and the Group entity will comply with the conditions attached to the grant. Accordingly, government grants:

- (a) related to or used for assets are included in the Balance Sheet as deferred income and recognised as income over the useful life of the assets.
- (b) related to incurring specific expenditures are taken to the Statement of Profit and Loss on the same basis and in the same periods as the expenditures incurred.
- (c) by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable. In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

34.3 Segment Reporting

The Group is primarily engaged in a single business segment of own, build, develop, design, operate, transfer road and related services. All the activities of the Group revolve around the main business. As such there are no separate reportable segments as per requirements of Indian Accounting Standard (Ind AS- 108) on operating segment. Further, the Group operates only in India, hence additional information under geographical segments is also not applicable.

- 34.4** The Company is presently engaged in the business of designing, building, operating, maintaining and carrying out all other activities pertaining to road projects. As per the guidelines of respective Government Authority and the requirements of the Concession Agreements, such road projects are required to be implemented under the Built, Operate & Transfer (BOT) model by creating Special Purpose Vehicles (SPVs) so that after the concession period, the SPV can be transferred to the respective authority on an "as is where is basis". The Company has, therefore, invested in various road projects under the aforesaid SPV model.

These investments have been made on a long term basis with an objective to earn returns and capital appreciation after the commencement of commercial operations of the respective Projects. The Company has treated these investments in SPVs as "Qualifying Asset". As per Indian Accounting Standard (Ind AS) 23 on 'Borrowings Costs' and in accordance with the accounting concept of 'Matching costs and revenues', the Company has capitalised borrowing cost incurred on funds borrowed exclusively for investments in the SPVs as part of the cost of investments.

Accordingly, as at March 31, 2022 total borrowing cost capitalized to Non current Investment amounts to ₹16,078.86 Lakhs including ₹ NIL for the year ended March 31, 2022 (NIL for year ended March 31, 2021).

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

B. Measurement of fair values

The table shown above analyses financial instruments carried at fair value, by valuation method. The different levels have been defined below:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

C. Valuation techniques

The following methods and assumptions were used to estimate the fair values

- 1) The fair value of trade receivables, trade payables, current loans, current borrowing and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short term nature.
- 2) The fair value of Non-current investments (excluding investment measured at cost/amortized cost) and non-current loans are done by adopting Discounted Free Cash flow method (DCF) approach by a registered valuer. These valuation is based on the assumptions and estimates considered appropriate by the management.
- 3) Non current Borrowings and other non current financial liabilities have been contracted at fixed rate of interest and accounted for accordingly. Fair value of these approximates their carrying value.

D. Reconciliation of Financial Assets in Level 3 is as below:

(₹ in Lakhs)

Particulars	March 31, 2022	March 31, 2021
Balance at the beginning of the year	87,166.62	109,858.74
Movement during the year	(3,596.90)	(19,755.50)
Fair Value changes	(6,661.80)	(2,936.62)
Balance at the end of the Year	76,907.92	87,166.62

iii) Financial Risk Management

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

37.2 Earnings / Expenses in Foreign Currency - ₹Nil (Previous Year - ₹Nil).

37.3 As per the Concession Agreement for the project executed with MPRDC by Mahakaleshwar Tollways Pvt. Limited (MTPL), one of the associate company, the available balance in the Escrow Account needs to be withdrawn every month as per the order specified in the Escrow Agreement dated 23rd February 2010. During the year, the revenue of MTPL was insufficient for payment of premium to MPRDC as per the said specified order of withdrawal under Escrow Agreement. The Concession Agreement does not provide for accrual of Premium if the project revenue is insufficient for its payment. Hence no provision has been made in the books of account toward Premium amounting to ₹758.92 lakhs for the period 1st April 2021 to 28th January 2022 (ie the date of takeover of the project by MPRDC).

37.4 The Company has executed a Securities Purchase Agreement (SPA) dated January 20, 2021 and related transaction documents, with a Purchaser acting through its investment manager, for sale of the entirety of the Company's shareholding in Shree Jagannath Expressways Private Limited ('SJEPL'). SJEPL is an 'Associate' of the Company .

The proposed sale of shares of SJEPL is subject to applicable regulatory and other approvals and certain conditions, more specifically laid down in the SPA. The valuation date for sale as per the SPA is September 30, 2020. The Equity value of the proposed transaction is subject to adjustments of debt and other capital and operational costs at closing date and hence, net consideration receivable is not ascertainable at this stage.

The Group has recognised its share of loss of ₹1650.28 lakhs for its investment in SJEPL in its consolidated financial statements for the year ended March 31, 2022. Negative / positive impact if any, of its share of profit/(loss) in SJEPL will be adjusted on closure of the transaction.

37.5 Kurukshehra Expressway Pvt. Ltd. (KEPL), an associate of the Company , has issued notice for termination of Concession agreement to NHAI on October 7, 2021 citing Kisan Andolan being agitation and protest held by farmers and other unions, as force majeure event in terms of Concession agreement. As a result of the above Protest, toll collections of KEPL got affected significantly . During the year ended March 31, 2022 , the project has been transferred to NHAI.

In this regard, KEPL has filed a claim of ₹1,34,753.13 lakhs with NHAI towards termination payment in terms of Concession agreement and also has other claims against NHAI, which are at different stages of proceedings and will continue to be legitimate even after termination of the Concession Agreement.

37.6 Mahakaleshwar Tollways Pvt Ltd. (MTPL) an associate of the Company has received a Notice dated January 27, 2022 from M.P. Road Development Corporation Ltd ("MPRDC"), for Termination of Concession Agreement (CA) entered into between MTPL and MPRDC. As per the said Notice, MPRDC is deemed to have taken possession and control of Project .

MTPL has filed a writ petition before the Hon'ble High Court of Madhya Pradesh, seeking appropriate relief for the said actions of MPRDC. Further more MTPL has also issued Termination Notice to MPRDC on account of MPRDC default and raised claim of Termination payment of ₹49,246 lakhs as per Concession Agreement.

37.7 Heavy Rain and Flood in Kerala, which started on 15th August 2018 badly affected Toll Plaza Operations and caused substantial damage to the Carriage Way and Toll Palza including the Toll Management System (TMS) of Guruvayoor Infrastructure Pvt. Ltd.(GIPL) a subsidiary company. The loss had been intimated to the Insurance Company and Insurance company has assessed and discharged claim amounting to ₹126.19 lakhs, which is not agreed by GIPL wrt to the quantum of claim assessed by insurance company. Hence GIPL has filed a petition before the Honourable Delhi High Court and requested to appoint sole Arbitrator in accordance with provision of Arbitration & Conciliation Act, 1996.

37.8 In case of Guruvayoor Infrastructure Pvt. Ltd.(GIPL) a subsidiary company, due to Demonitisation Scheme announced by the Government of India, Toll collection was suspended for 23 Days i.e. from 9th November, 2016 to 2nd December, 2016, in accordance with the directives of National Highways Authority of India (NHAI). As per NHAI Circulars dated 29th November 2016 and 6th December 2016, GIPL has raised and submitted its claim with NHAI against loss of revenue of the said period .Part of the claim has been approved and received amounting to ₹267.03 lakhs while balance amount is under process.

38 The Group did not have any trasactions with Companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956 during the Financial Year.

39 Additional Regulatory information required by schedule III to the Companies Act, 2013

NOTES

- In view of the provisions of the Ministry of Corporate Affairs ("MCA") General Circular No. 02/2022 dated May, 05, 2022, General Circular No. 02/2021 dated January 13, 2021, General Circular No. 20/2020 dated May 5, 2020, General Circular No. 17/2020 dated April 13, 2020 and General Circular No. 14/2020 dated April 8, 2020 (collectively referred as "MCA Circulars") and Securities and Exchange Board of India Circular No.: SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022, Circular No. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 and Circular No. SEBI/HO/CFD/CMD1/ CIR/P/2020/79 dated May 12, 2020 (collectively referred as "SEBI Circulars") and in compliance with the provisions of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the 15th AGM of the Company is being conducted through VC/OAVM Facility, which does not require physical presence of members at a common venue. The deemed venue for the 15th AGM shall be the Registered Office of the Company.
- Generally, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote instead of himself/ herself and such proxy need not be a Member of the Company. Since this AGM is being conducted through VC / OAVM pursuant to the applicable MCA and SEBI Circulars, physical attendance of Members at a common venue is dispensed with and attendance of the Members through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act. Accordingly, the facility for appointment of Proxy by the Members is not available and hence, the Proxy Form and Attendance Slip including the Route Map of the venue of the AGM are not annexed to this Notice. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the Members may be appointed for the purpose of participation in the 15th AGM through VC/OAVM Facility who can cast their vote through remote e-Voting or e-Voting during the AGM.**
- Statement pursuant to Section 102:** The Statement pursuant to Section 102 of the Companies Act, 2013, setting out the material facts concerning each item of special business to be transacted at the Meeting, being considered unavoidable, is annexed hereto and forms part of this Notice.
- In compliance with MCA and SEBI Circulars, owing to the difficulties involved in dispatching of physical copies of the Annual Report, the Annual Report and Notice of AGM are being sent in electronic mode only to Members whose e-mail address is registered with the Company or the Depository Participant(s). The same is also hosted on the Company's website www.brnl.in and also on the website of the Stock Exchanges viz., www.bseindia.com and www.nseindia.com. The relevant details are also hosted on the website of the Agency providing the e-voting facility, viz., KFin Technologies Limited at [https://evoting.kfintech.com/public/ Downloads.aspx](https://evoting.kfintech.com/public/Downloads.aspx).

5. Institutional Investors, who are Members of the Company, are encouraged to attend and vote at the 15th AGM through VC/OAVM mode. Corporate/Institutional Members are required to send a scan of the certified true copy (PDF Format) of the Board Resolution/Authority Letter, etc., authorising their representative to attend the AGM through VC / OAVM on their behalf and to vote through remote e-voting or during the AGM. The said Resolution/Authorisation shall be sent to the Scrutinizer at email id goenkamohan@gmail.com with a copy marked to cs@brnl.in and evoting@kfintech.com.
6. Members may join the AGM through VC/OAVM facility by following the procedure as mentioned in this AGM Notice which shall be kept open for the Members from 02:15 P.M. IST i.e. 15 minutes before the time scheduled to start the AGM and the Company may close the window for joining the VC/OAVM facility 15 minutes after the scheduled time to start the AGM. The facility of participation at the AGM through VC/OAVM will be made available to at least 1,000 Members on a first come first served basis as per the MCA Circulars. The detailed instructions for joining the Meeting through VC/OAVM form part of the Notes to this Notice.
7. Large Shareholders (shareholders holding 2% or more shareholding), Promoters, Institutional investors, Directors, Key Managerial Personnel, Chairpersons of the Audit Committee, Nomination & Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. will be allowed to attend the meeting without restriction on account of first-come-first-served-principle.
8. **Registrar & Share Transfer Agents and Depository Participants:** Members holding Shares in physical mode are requested to intimate changes in their address to KFin Technologies Limited, Registrar and Share Transfer Agents (RTA) of the Company, located at Selenium Tower B, Plot No. 31-32, Financial District, Nanakramguda, Hyderabad - 500032. Members holding Shares in electronic mode are requested to send the intimation for change of address and updation of bank account details to their respective Depository Participants. Any such changes effected by the Depository Participants will automatically reflect in the Company's subsequent records.
9. **Nomination Facility:** Members holding shares in the physical form and desirous of making/changing Nomination in respect of their shareholdings in the Company, as permitted under Section 72 of the Companies Act, 2013 and Rules made thereunder, are requested to submit the prescribed Form No. SH-13 and SH-14, as applicable for this purpose, to the Company's Registrar and Share Transfer Agents (RTA), KFin Technologies Limited, who will provide the form on request. Members holding shares in the demat form and desirous of making/changing Nomination in respect of their shareholdings in the Company may please contact their respective Depository Participants.
10. **Go Green Initiative:** The Company is sending Notices for General Meetings, Financial Statements, etc., through e-mail to Members whose e-mail IDs are registered with the RTA/Depository Participants. However, it is noticed that there are Members who have not registered their e-mail IDs with the Company. Consequently, the Company is unable to send communications to them electronically. In compliance with provisions of Rule 18 of the Companies (Management and Administration) Rules, 2014 and applicable provisions of the Companies Act, 2013, Members holding Shares in physical form, if any, are requested to register their e-mail IDs with the Company's Registrar and Share Transfer Agents (RTA), i.e., KFin Technologies Limited and Members holding Shares in demat mode who have still not registered their e-mail IDs are requested to register their e-mail IDs with their respective Depository Participants (DPs). Members whose e-mail IDs have undergone any change or whose IDs require any correction, may kindly update the same with their respective DPs or the RTA, as stated above.
11. **Mandatory PAN Submission:** The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding Shares in electronic form are, therefore, requested to submit their PAN details to the Depository Participants with whom they are maintaining their demat accounts. Members holding Shares in physical form can submit their PAN details to the Company's Registrar and Share Transfer Agents, KFin Technologies Limited.
12. In terms of Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialized form with a depository. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form, if any, are requested to demat their shares at the earliest.
13. **Unclaimed Dividend:** Members are requested to note that as per Section 124 of the Companies Act, 2013, read with allied Rules, dividend not claimed within seven (7) years from the date of transfer to the Company's Unpaid Dividend Account shall be transferred to the Investor Education and Protection Fund (IEPF) established by the Central Government. Unclaimed Dividend, as per details given in the table below, will be transferred to the IEPF as per the date(s) mentioned in the table. Those

Members who have not, so far, encashed their dividend warrants for any Financial Year are requested to make their claim to the Company's Registrars, KFin Technologies Limited, Selenium Tower B, Plot No. 31-32, Financial District, Nanakramguda, Hyderabad – 500032 or to the Company at its Registered Office, for payment thereof –

Year	Date of Declaration of Dividend	Type	Dividend (%)	Due date for transfer to IEPF
2017-18	2nd November, 2017	Interim	5	4th December, 2024
	28th September, 2018	Final	5	2nd November, 2025
2018-19	14th December, 2019	Final	5	19th January, 2026

It may please be noted that once the unclaimed dividend is transferred to the IEPF, as mentioned above, no claims shall lie against the Company. However, claim can be made from the Fund, in accordance with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2017, as amended, from time to time.

Please note that Section 124(6) of Companies Act, 2013 also provides that all shares in respect of which dividend has not been paid or claimed for seven consecutive years or more shall also be transferred by the Company to IEPF. Hence, it is in the shareholders' interest to claim any uncashed dividends and for future, opt for Electronic Credit of dividend, so that dividends paid by the Company are credited to the investor's account, on time.

Further, any claimant of such shares, as mentioned above, shall be entitled to claim the transfer of shares from the IEPF, following the necessary procedures and on submission of relevant documents.

14. **Inspection of documents by Members:** All relevant documents referred to in the Notice and the Statement pursuant to Section 102 of the Companies Act, 2013, shall be available electronically for inspection without any fees by the Members from the date of circulation of this notice upto the date of the Meeting and also at the Meeting. Members seeking to inspect such documents can send an email to cs@brnl.in.

The Register of Directors and Key Managerial Personnel (KMP) and their shareholding, maintained under Section 170 of Companies Act, 2013 and the Register of Contracts or Arrangements in which Directors are interested, maintained under Section 189 of the Companies Act, 2013, will be available electronically for inspection by the Members during the Meeting.

Members desirous of obtaining any relevant information with regard to the accounts of the Company or any other matter placed at the Meeting are requested to send their requests in writing at cs@brnl.in to the Company at least 7 (seven) days before the date of the Meeting, so as to enable the Company to keep the information ready.

15. **Subsidiary Accounts:** In accordance with the provisions of Section 136 of the Companies Act, 2013, the Company will provide a copy of separate audited Financial Statement in respect of each of its subsidiary, to any Shareholder of the Company on making requisition to the Company Secretary at the registered office of the Company or vide e-mail at cs@brnl.in.

A Statement containing the salient features of the Financial Statements of subsidiaries in Form AOC-1 forms part of the Annual Report of the Company. Further, the Financial Statements of subsidiaries is also available on the website of the Company, www.brnl.in.

16. **Voting through electronic means (e-voting)**

- I. **Remote e-voting:** In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, and the provisions of Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, (as amended from time to time), the Members are provided with the facility to cast their vote electronically, through the e-voting services provided by KFin Technologies Limited (Kfintech) on all resolutions set forth in this Notice.

Login method for e-Voting and joining virtual meeting for Individual shareholders holding securities in demat mode

STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013:**Item No. 3:**

The Members at the Tenth Annual General Meeting (“AGM”) of the Company held on December 16, 2017, had approved the appointment of Messers S.S. Kothari Mehta & Co., Chartered Accountants (Firm Registration No.: 000756N), as Statutory Auditors of the Company, to hold office till the conclusion of the Fourteenth AGM of the Company.

After evaluating and considering various factors such as industry experience, competency of the audit team, efficiency in conduct of audit, independence, etc., the Board of Directors of the Company has, based on the recommendation of the Audit Committee, at its meeting held on May 30, 2022, proposed the re-appointment of Messers S.S. Kothari Mehta & Co., Chartered Accountants (Firm Registration No.: 000756N), as the Statutory Auditors of the Company, for a second term of five consecutive years from the conclusion of 15th AGM till the conclusion of 20th AGM of the Company, at a remuneration as may be mutually agreed between the Board of Directors and Statutory Auditors, on the recommendation of the Audit Committee.

Messers S.S. Kothari Mehta & Co., have consented to their appointment as Statutory Auditors and have confirmed that if appointed, their appointment will be in accordance with Section 139 read with Section 141 of the Act. Messers S.S. Kothari Mehta & Co. is registered in New Delhi and Kolkata and conducts audit of various companies listed on stock exchanges in India.

Messers S.S. Kothari Mehta & Co., were paid a fee of Rs. 26.93 Lakhs for the audit of standalone and consolidated financial statements of the Company for the financial year ended March 31, 2022, certification and other services and out of pocket expenses.

The increase in fees to be paid to Messers S.S. Kothari Mehta & Co. if any, for their second term will be mutually agreed, basis the efforts involved and shall be reasonable to commensurate with the overall responsibilities assigned to them from time to time.

The Board, in consultation with the Audit Committee shall approve revisions in the remuneration of the Statutory Auditors. Besides the audit services, the Company would also obtain certifications from the Statutory Auditors under various statutory regulations and certifications required by clients, banks, statutory authorities, audit related services and other permissible non audit services as required from time to time, for which they will be remunerated separately on mutually agreed terms, as approved by the Board in consultation with the Audit Committee.

The Board, in consultation with the Audit Committee, may alter and vary the terms and conditions of re-appointment, including remuneration, in such manner and to such extent as may be mutually agreed with the Statutory Auditors.

The Board recommends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the Members.

None of the Directors and Key Managerial Personnel of the Company or their relatives is, in any way, concerned or interested in in the Resolution set out at Item No. 3 of the Notice.

Item No. 4:

Mr. Bajrang Kumar Choudhary (DIN – 00441872) was initially appointed as the Director of the Company w.e.f. 23rd March, 2011. Item No. 5:

Upon the recommendation of the Nomination and Remuneration Committee, Mr. Rakesh Kumar Gupta was appointed as an Additional Director (Category: Non-Executive and Non-Independent) of the Company by the Board of Directors w.e.f. 18th August, 2022, pursuant to the provisions of Section 161 of the Companies Act, 2013 and holds office upto the date of this Annual General Meeting.

Mr. Rakesh Kumar Gupta has been an Indian Police Service (IPS) Officer of 1986 batch, West Bengal Cadre and he retired in January, 2021 in the rank of Director General of Police as Head of Directorate of Anti-Corruption Branch, West Bengal. During the service period of about 35 years, he has worked in positions involving administration & governance, law, public service, management,

science & technology, coordination & liaison, quasi-judicial functions as Enquiring Officer. He was a Director on the Board of Kolkata Police Housing and Infrastructure Development Corporation Limited and West Bengal Police Housing & Infrastructure Development Corporation Limited. He had won awards like: (i) President Police Medal for Distinguished Services in 2011 and (ii) President Police Medal for Meritorious Services in 2002.

In view of the extensive and rich experience of Mr. Rakesh Kumar Gupta, and considering the best interests of the Company, it is proposed to appoint him as a Non-Executive and Non-Independent Director of the Company.

The Company has received a Notice in writing under the provisions of Section 160 of the Companies Act, 2013, proposing the candidature of Mr. Rakesh Kumar Gupta for the office of Director.

The Company has received from Mr. Rakesh Kumar Gupta -

- (i) Consent in writing to act as Director in Form DIR-2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules, 2014,
- (ii) Intimation in Form DIR-8 in terms of Companies (Appointment & Qualification of Directors) Rules 2014, to the effect that he is not disqualified under Section 164(2) of the Companies Act, 2013, and
- (iii) List of relatives and other related disclosures.

In the opinion of the Nomination and Remuneration Committee and the Board of Directors of the Company, Mr. Rakesh Kumar Gupta fulfils the conditions specified in the Companies Act, 2013 and rules made thereunder for his appointment as a Non-Executive and Non-Independent Director of the Company, liable to retirement by rotation. Mr. Rakesh Kumar Gupta shall be entitled to sitting fees for attending meetings of the Board and Committees thereof of which he is or will be a Member / Chairman as may be approved by the Board of Directors of the Company, from time to time provided that the same is within the overall limits specified under the relevant provisions of the Companies Act, 2013.

The Board of Directors is of the opinion that the professional expertise and vast experience of Mr. Rakesh Kumar Gupta will be of significant value to the Company.

The Directors, therefore, recommend the Resolution to be passed as an Ordinary Resolution by the Members. Mr. Rakesh Kumar Gupta and his relatives may be deemed to be concerned or interested in the proposed Resolution in so far as it relates to his own appointment.

None of the other Directors or Key Managerial Personnel (KMPs) of the Company either directly or through their relatives are, in any way, concerned or interested, whether financially or otherwise, in the proposed Resolution.

ITEM NO. 6:

Your Company is a road Build-Operate-Transfer (BOT) Company in India, focused on development, implementation, operation and maintenance of Roads/Highways projects. The Company submits proposals/bids for various projects on BOT model taking into account various parameters/factors. The technical bids and financial bids are validated considering contemporary competitive market forces. The Projects are awarded by NHAI floating the tender based on the most competitive offer submitted by the bidders. As a thumb rule, the lowest bidder is the successful bidder.

When projects are awarded, the Company has the obligation to incorporate a Special Purpose Vehicle (SPV) as the project is mandatorily required to be executed through a SPV as per the requirement under the Concession Agreement. These SPVs are considered as related parties as defined under the Companies Act, 2013, SEBI Listing Regulations, 2015 and/or any other Statutory Regulations, and may be the subsidiaries, joint ventures or associate companies. The SPV draws technical, financial and project skill sets from the Company to implement the concessions / projects and therefore a significant value of the transactions that the Company enters into as part of its business activities are with related parties. Therefore, the transactions with related parties are an essential part of the business activities of the Company and its SPVs without which the Company will not be in a position to execute the projects / concessions awarded to the Company.

Further, apart from investing in/financing its SPVs, the Company performs a range of Project Management functions, including design, Engineering, Procurement and Construction (EPC) Management and quality control. The Company also provides advisory

services such as Project Management Consultancy, Operation and Management of the projects during the entire life cycle of the projects, Major Maintenance and repair work, Financial Consultancy, including Debt Syndication, Refinancing and Financial Restructuring of projects. These activities and services are primarily for these SPVs.

Considering the business model and concession requirements, complexity, volume, monetary commitment and frequency of the transactions between the Company and its related parties, the Board of Directors, by way of good Corporate Governance and by way of abundant caution, considers it expedient and necessary to seek approval of the Shareholders for entering into and executing such transactions with related parties irrespective of the same being at Arm's Length, ordinary course of business or Material Related Party Transactions since transactions with Related Parties constitute almost all the transactions entered into by the Company, although they have been generally found to be at Arm's Length and in the ordinary course of business.

Pursuant to Section 188 of the Companies Act, 2013 ("the Act"), read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 ("Rules"), as amended from time to time, the Company is required to obtain consent of the Board and prior approval of the Shareholders by ordinary resolution in case certain Related Party Transactions exceed such sum as specified in such rules. The aforesaid provisions are not applicable in respect of transactions entered into by the Company in the ordinary course of business and on an arm's length basis.

Further, the Securities and Exchange Board of India ("SEBI") has notified SEBI (Listing Obligations and Disclosure Requirements) (Sixth Amendment) Regulations, 2021 ("Amendments") introducing amendments to the provisions pertaining to the Related Party Transactions under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") effective from April 1, 2022. The aforesaid amendments inter-alia include replacing of current threshold i.e. 10% (ten percent) of the listed entity's consolidated turnover, for determination of material Related Party Transactions requiring prior Shareholders' approval, with the threshold of lower of Rs. 1,000 crore (Rupees One thousand crore) or 10% (ten percent) of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity.

Therefore, even if Material Related Party Transactions if any, are entered into in the ordinary course of business and on arm's length basis, consent of the Shareholders by way of ordinary resolution shall be required for ratification / approval for these Material RPTs under SEBI (LODR) Regulations, 2015.

The amended Regulation 2(1)(zc) of the SEBI Listing Regulations has also enhanced the definition of related party transaction which now includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

The Annual consolidated turnover of the Company as per the last audited financial statements for the Financial Year ended 31st March, 2022 aggregates to Rs. 216.40 crores. Currently, it cannot be ascertained if the proposed transactions with the related parties during the period 1st October, 2022 to 30th September, 2023 can be material related party transactions, may exceed the threshold limit as prescribed under Regulation 23 of SEBI Listing Regulations, 2015. However the Company finds it prudent to obtain Shareholders approval as a matter of abundant caution.

The Management has provided the Audit Committee with the relevant details, as required under law, of the proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has granted approval for entering into the said RPTs with its Related Parties. The Committee has noted that the said transactions have been generally found to be at Arm's Length and in the ordinary course of business by the Audit Committee on the basis of its examination and certification received from the Chief Financial Officer of the Company.

Accordingly, basis the approval of the Audit Committee, the Board of Directors hereby recommend the resolution contained in Item No. 6 of the accompanying Notice to the shareholders for approval.

Justification as to why the RPT is in the interest of the listed entity	<p>Firstly, infrastructure projects often has to face project delays emanating out of land acquisitions issues, delay in environment and forest clearances which leads into the cost overrun aggravating liquidity crunch. In such a scenario, as per the terms of most of the financing agreements for infrastructure projects under Public Private Partnership (PPP) Model, the Sponsors/Parent Company are required to provide Sponsor Support Undertaking for arrangement of funds in the event of cashflow mismatch to meet any cost overrun, shortfall in O&M and major maintenance costs, and gaps in outstanding debt obligations, by way of either short term / long term Loans /Inter Corporate Deposits (ICDs) / advances to SPVs / execution of sponsor or promoter undertakings / corporate guarantee / comfort letters in relation to prescribed equity contributions and also for meeting payment obligations in the event of termination of the concession agreement.</p> <p>As the Sponsor of the projects, the Company is obligated to support the SPVs to complete the SPV's project to fulfill the obligations towards Concession Agreement and Lenders agreement. For the said obligation, the Company charges Corporate Guarantee Commission towards Corporate Guarantee given by the Company to Banks /Financial Institutions to secure the credit facilities availed/ to be availed by SPVs. For these reasons only, at times pledge/hypothecation / mortgage / any other encumbrance on the assets of the Company is required to be created for the SPVs.</p>
